

**Ordering information**

Figure	Description	Order number
	<p><b>Pressure reducer</b>                      Controls: Handwheel with locking mechanism                      Any installation position is possible                      Pressure regulation range: 0.5 to 6 bar</p> <p>Items supplied: Pressure reducer with installation material</p>	
	<p><b>G ¼" pressure reducer</b>                      Max. inlet pressure: 16 bar                      Connection: G ¼"</p>	05-0056-0083
	<p><b>G ½" pressure reducer</b>                      Max. inlet pressure: 25 bar                      Connection: G ½"</p>	05-0056-0084
	<p><b>Pressure maintenance valve</b> Zones 21, 22                      With installation material for pressure reducer</p>	05-0056-0062 05-0056-0007
	<p><b>Programming switch</b>                      For the new generation of APEX/SILAS</p>	05-0003-0089
		
	<p><b>Programming jumper</b> for APEX 2003</p>	05-0012-0193
	<p><b>Rain/dust cap</b>                      The rain/dust cap for the pressure monitor output protects against rain or dust deposits.                      This can be used as an optional accessory for pressure monitors with an internal orifice plate of up to 15 mm.</p>	05-0032-0011
