

Silicone caps type 6845-00-xx

By means of BARTEC caps made of silicone, BARTEC and BARTAG® milk sample bottles (DIN 12835) of the type 6845-xx can without any effort be stoppered tightly. Sample bottles with slit caps can be filled without removing the caps by using appropriate devices.

They are easy to clean with suitable cleaning agents

The excellent tear propagation resistance of the material results in high durability.

The caps can be processed with all BARTEC laboratory devices.
