

**Confirmation
Quality audit
in accordance with KTA3507**

The operators of nuclear power plants
combined in the VGB Arbeitsgruppe 'Funktionserhalt'
confirm to the company

Bartec GmbH

for the production site
Max-Eyth-Straße 16, 97980 Bad Mergentheim

and the scope of supply and services
**planning/design, manufacturing and testing of nuclear
qualified cable glands, microswitches and limit switches
for use in safety I&C applications of nuclear power plants**

**the capability for
product- and process-specific quality assurance measures.**

The audit based on Safety Standard KTA 3507 was performed on
September, the 14th and 15th 2015 sub-contracted to **AREVA GmbH**. Evaluation details are given in report **PGLT/14-11-028.07/A**.

This confirmation is valid until **September, the 30th 2018** provided that the conditions underlying the evaluation have not changed.

Lingen, September, the 30th 2015

Karl Heinz Heilmann
